

STRATEGIC PLAN 2025-2030

Amani Community Development

"Building

Vision

A world where every community in East Africa has access to quality healthcare, clean water, and nutrition security.

Mission

To strengthen community health systems, improve water and sanitation infrastructure, and build local capacity for sustainable development in underserved communities across Kenya, Somalia, and Uganda.

Core Values

- Community Ownership: Programs designed and led by communities
- Innovation: Embracing technology and new approaches
- Partnership: Collaborating with governments, donors, and peer organizations

- Account

- Equity:

Strategic Goal 1: Expand Community Health Services

Objective 1.1: Train 500 new community health workers by 2028

Objective

Objective 1.3: Reduce under-5 mortality by 25% in program areas

Strategic Goal 2: Strengthen WASH Infrastructure

Objective 2.1: Construct 50 community water points by 2030

Objective

Objective 2.3: Achieve open-defecation-free status in 30 communities

Strategic Goal 3: Build Organizational Resilience

Objective 3.1: Diversify funding to reduce donor dependency below 60%

Objective

Objective 3.3: Implement digital M&E system across all programs

Objective

Resource Requirements

Annual budget growth from \$2.5M (2025) to \$5M (2030)

Staff grov

Technology investment: \$200,000 over 5 years

Monitoring Framework

- Annual strategic plan review
- Mid-term evaluation (2027)

- Quarter

- End-ter
